

FJE FRANCIS JAMES EVENTS

FRANCIS JAMES EVENTS (FJE) is a dynamic events company, based in the North West of England, specialising in the provision of superb live music for all types of event, from weddings to corporate functions, from birthday parties to Christmas gatherings, from public shows to funerals. FJE is directed by James Bailey, who, having been a professional musician for over eight years and having played at most of Cheshire's best loved venues and hotels (as well as throughout the UK, in Switzerland and Ibiza) knows exactly what type of live music is required to best compliment every type of event that he and his company are involved with. As well as live music, FJE provide professional, bespoke DJ services to their clients, meaning that they are a single point of contact and take care of the whole music programme for a given event, using only top end public amplification systems.

FJE can also help you with virtually any other aspect of your event, by working with carefully selected partners that they have come to know and trust through nearly a decade of working at the top end of the prestigious North West events market. Whether you are looking for amazing venue and stage lighting, the best hair dressers, make-up artists, magicians, venue decorators, or photographers, then just speak to FJE and we will provide all of these for you as part of our package. However, should you wish to do all that without our help and you decide to turn to us purely for your music requirements, then no problem. You won't be disappointed.

We are currently looking for venues to take us on board as their resident in-house provider of all music services. We are happy to work out both a sensible commission structure for interested venues and to provide these venues with on-site, state of the art PA systems that will, thereby, always be available for use and will make for a seamless set-up process. We are also open to discuss any other facilities that we could provide to make things as simple as possible for you and your clients. Most importantly, however, by using FJE as your resident musical providers, you will have the peace of mind to know that all your events will be serviced by some of the best known, well-loved and most reliable live music acts in the whole of the North West region. We are the sole providers of all of these acts. We are also agents for a large number of the very best solo and duo acts in the area who are the perfect choice for smaller events, wedding breakfasts and ceremonies and, where appropriately used, are the perfect added touch at funerals and Christenings.

Amongst the superb live acts that are exclusively represented by FJE, is our flagship band, **'Undercover'** www.undercoverlive.co.uk which is guaranteed to make any party go off with a bang. Usually a five piece band, Undercover can be supplied with an extra female singer, an additional saxophonist or both. Established 8 years ago, they have fans far and wide and are a great choice for all party type events.

FJE are also the sole providers of the brilliant, **'Three's A Crowd'**, normally provided as an up-beat, 3 piece band but also available in a more chilled out 3 piece format for the most sophisticated of events.

Also, exclusive to FJE are, **'The Thieves'**, available as a 4 or 5 piece option and without doubt up there with the most ferocious of party making bands!

Similarly, FJE exclusively manage two American themed party bands; namely **'Happy Days'** and **'Route 66'**. Happy Days play some of the best covers music from all around the world but with an American tilt, whereas Route 66 stick purely stateside and have a slightly rockier edge than our other exclusive bands.

In addition, as mentioned above, FJE can provide numerous solo and duo acts (some of which are also exclusive to us), saxophonists, pianists, string quartets, and bands made up of up to ten musicians! As part of our package, we ordinarily provide bespoke DJ services to all our clients, use of microphones and amplification equipment, all for one set price... and for the quality of our acts, the prices we charge are unbeatable!

If you are interested in what we have to offer, either on behalf of your clients or with a view to using FJE as your resident provider of in-house live music, please do not hesitate to contact us on:
